About this Learning Opportunity

*"The Kagan Structures have proven themselves effective teaching and learning tools for cooperative learning, multiple intelligences, character education, language learning, and emotional intelligence **for all grade levels.**"*

We know the number one key to success in school is quality instruction. And the number one key to quality instruction is actively engaging students. **It's all about engagement!** This workshop offers the world-famous Kagan Structures that boost engagement and learning for all students. Experience first-hand the power of the Kagan approach and come away with practical and proven strategies that you can really use tomorrow!

- Pump up the fun, friendships, and liking for learning and each other with Classbuilding and Teambuilding
- Experience why group work simply doesn't work for everyone, and why Kagan Structures do
- Save valuable time and energy with easy-to-use structures that make lesson planning a snap
- Keep students on task and effectively manage disruptions with engaging structures
- Master the different types of pairs and teams, how to form them, and when to use them
- Provide students the will to work together and the skills to do so successfully
- Take away hot management tips that will make managing your cooperative class a snap
- Fully understand and implement basic principles that spell success for your students

Teacher's Rave:

“Awesome content! I cannot wait to turn the group work I’ve been doing into interactive, productive cooperative learning. Thank you for a worthwhile professional development that will benefit us as teachers/educators and most importantly help close the achievement gap for our sweet students.”
—Terra Altman, Teacher
