Time:	9:00 am – 3:30 pm
Cost:	\$50.00 (includes lunch, which is not prepared in a nut/gluten-free environment)
Location:	Edmonton (ERLC Office at Elmwood School) Room 17/18, 16325 - 83 Avenue
Session Code:	18-MA-177

Target Audience

Grades 1-4 Teachers, Math Leads and Administrators

About this Learning Opportunity

Good literature has students engaged, interested and motivated. In this session, you will explore ways to use children's literature to help students develop number sense and make connections between mathematics and the world around them. The process will be modeled as you engage in activities and discuss ways to enhance your instructional practice and student engagement through the use of story.

Come to listen, enjoy and engage in activities that connect math to literacy.

This learning opportunity is being provided through funding from Alberta Education.

About the Facilitator(s)

Debbie Duvall is a mathematics and numeracy consultant for the Edmonton Regional Learning Consortium. Prior to taking on this role, she worked as a consultant with Elk Island Public Schools for four years.

Debbie worked for the Ministry of Education for 12 years where she represented Alberta on the Western and Northern Canadian Protocol Common Curriculum Framework for Mathematics development team. She has represented Canada on the Board of Directors of the National Council of Teachers of Mathematics and served on a variety of professional development committees.
