### About this Learning Opportunity

Teachers and school leaders across the province have been working diligently this week responding to school closures. Are you wondering how to gain access to the free Alberta Distance Learning Centre (ADLC) resources to support online learning? This live webinar will feature ADLC staff who will walk you and your school team through how to access the course material available for K to 12. It is recommended that a school leader or designated teacher along with 2 or 3 teachers register to learn the process and share with your school staff. Each school requires a designated “Super User” approved by the principal who can set up the teacher accounts. Many Alberta Schools already have Super Users. There will be opportunities to ask questions as ADLC facilitators walk you through this process with step-by-step instructions.
