About this Learning Opportunity

(Note that a series of follow-up trainings will take place during the fall of 2020 for teachers in Alberta)

Implementing the recommendations of the Truth and Reconciliation Commission may seem difficult for teachers, administrators and our school boards.

One way, the best I have found to achieve this, is to focus on something that we all agree is healthy, respectful, and meaningful.

Let me introduce you to the spiritual side of the Indigenous peoples of Canada. Let me introduce you to the Seven Sacred Teachings... what they stand for and how you might benefit from them as you work with your students, staff and parents.
