### About this Learning Opportunity

AISCA's "Better Together!" Teachers' conference has quickly become an annual highlight on the PD calendar. We owe much of this success to the many educators and leaders who have stepped up to lead engaging and informative workshops. This year our theme is "Better, Together: Building Resilience", and the conference will be taking on an exciting new format with multiple locations! We will be hosting in-person conferences in Calgary and Edmonton, and an on-line option will be available as well. Please select the venue that works best for you!

**In-person event;** Program protocols apply. **Restrictions** **Exemption**

### About the Facilitator(s)

Michael Ungar, Ph.D. is the founder and Director of the Resilience Research Centre at Dalhousie University and will be our **keynote speaker**. His ground-breaking work as a family therapist and resilience researcher is recognized around the world, with much of that work focused on the resilience of marginalized children and families, and adult populations experiencing mental health challenges at home and in the workplace.

*This session is being offered on a cost recovery basis.*
