Time:	8:30 am – 3:30 pm
Cost:	
Location:	Virtual
Type:	Webinar
Session Code:	22-DD-NG-US-262

Target Audience

Kindergarten - Grade 7 Math Teachers

About this Learning Opportunity

Grade Level Math meetings with teachers will be designed around area being taught in Math. We will also look at misconceptions students hold and interventions one can use to move students forward in the topics being taught.

All learning opportunities with the ERLC regional team will focus on the Alberta Education and district priority areas.

About the Facilitator(s)

Ulana Soletsky has been an educator for 37 years, and is passionate about all things that are math from Kindergarten to Grade 9. She spent 26 years in a classroom and for the past 11 years has held the position of AISI Coordinator, and most recently Math/Numeracy Consultant for Greater St. Albert Catholic Schools. During the past 13 years she has also been seconded to the ERLC as a Consultant offering Professional Development in the area of Math and Numeracy, providing sessions primarily in the area of how we can get the best results in our math classrooms. A key component of her work at the school division level involves collaboration with school administration teams and at-elbow support to K-9 teachers. Her focus is primarily around curriculum support as well as planning for staff development and school improvement. She is a certified facilitator in the First Steps in Math and has provided PD in the Number, Number Operations, Measurement strands of First Steps in Math.

This learning opportunity is being subsidized through funding from Alberta Education.
