### Target Audience

Math Teachers, Administrators, Instructional Coaches

### About this Learning Opportunity

As so many schools move to multi-aged classrooms, this 1 hour webinar will help guide educators to find the support offered through JUMP Math. We will discuss some general principles of teaching with JUMP Math, while also exploring a few different scenarios along with a few different approaches to consider.

Finally some tips and tricks for teaching in a combined grade classroom will be shared as you prepare for this year using the new Alberta curriculum.

### About the Facilitator(s)

#### Donna Prato

Donna was a teacher with Edmonton Public Schools for over 30 years before retiring and joining the JUMP Math team in 2017. She worked in Junior High for all of her teaching career, starting as a Home Ec. and Language Arts teacher, then moving to Mathematics. She was also a Curriculum Coordinator, Counsellor and Assistant Principal. Donna loves how JUMP Math structures lessons to ensure students are able to learn and be excited by Math, and she is excited to be able to share this love of JUMP Math with you.

*This learning opportunity is being subsidized through funding from Alberta Education.*
