About this Learning Opportunity

Comment est-ce que le programme d'étude actuel compare à l'ébauche du curriculum pour les élèves primaires en Alberta? Cet atelier comparera l'architecture et conception des deux versions afin d'identifier ce qui est uniforme en structure; examinera où les cinq résultats d'apprentissage généraux vivent dans l'ébauche; et partagera les ressemblances de certains éléments clés.

How does the current programs of study compare to the draft curriculum for French Immersion elementary students in Alberta? This session will compare the architecture and design of both versions in order to identify the common alignments in structure, examine where the current five general outcomes live in the draft, and share similarities within key pieces.
