

Using Math Talks Grade 1-3

Facilitator(s):	Betty Morris
Date:	September 26, 2022
Time:	4:00 pm – 5:15 pm
Cost:	No charge
Location:	Virtual
Type:	Webinar
Session Code:	23-NC-159

Target Audience

K-Grade 3 Math Teachers, School-based Administrators, Instructional coaches, District Leaders

About this Learning Opportunity

This session will focus on how Math Talks can support the various learnings in the new math curriculum. Number Talks, Brain Benders, Wonder Tasks, Games, and activities will be shared from MathUp. Ideas for school wide collaborative math talks will also be shared.

About the Facilitator(s)

Betty Morris has been a math educator for over 40 years. Her various roles included classroom teacher, district math consultant, math exam manager/new initiatives for Alberta Education, and sessional instructor at Concordia University in Edmonton. One of her latest projects was working with a team of consultant's developing a math screening assessment.

Betty has worked with schools to support implementation of MathUP Classroom. Betty's interest in supporting teachers and students in their understanding of mathematics and instilling in them the confidence and passion that she has for mathematics, continues as she provides professional learning to districts and schools, working with both teachers and students. A priority for her is helping all stakeholders to understand and work with the new math curriculum.

This learning opportunity is being subsidized through funding from Alberta Education.
