

Integrate AI literacy effectively into your students' learning toolkits

Facilitator(s):	Janet Bell
Date:	September 27, 2023
Time:	4:00 pm – 5:00 pm
Cost:	
Location:	Virtual
Type:	Webinar
Session Code:	24-TI-164

Target Audience

Teachers, School-Based Administrators, Instructional/Learning Coaches, Inclusive Learning Teachers

About this Learning Opportunity

There are so many ways that students can leverage AI to support their reading and writing and learning strategies overall. Whether reframing text, writing drafts, sifting through information or even pulling together ideas to create synthesis, AI is here within reach at no cost to be drawn upon as a learning tool that supports understanding and creation of new knowledge. Explore several realistic ways students can use ChatGPT alongside other AI sites and concepts, to work smartly - efficiently, thoughtfully, and ethically, and align these practices alongside ways we can best assess student work, to minimize chances for plagiarism and maximize opportunities for deep learning.

About the Facilitator(s)

Janet Bell

An English teacher originally, Janet's career evolved over the years from classroom teacher to consultant, co-leading edtech integration across the province as a member of the 2Learn.ca and ARPDC provincial teams, to school and district leadership as a Department Head at Lillian Osborne High School and a TIPS (Technology Integration and Planning Supports) Consultant with Edmonton Public Schools. A Google Certified Trainer and SMART Certified Trainer, these days Janet brings both vision and practical strategies to help support your integration of G Suite and SMART Learning Suite, reputable third-party applications, makerspaces, digital citizenship and more, within today's emergent and shifting learning spaces. In her spare time, she enjoys the four generations of her family.
