### About this Learning Opportunity

Your students already use Google Docs, Slides, Drawings and more, but did you know there are hundreds of templates at your fingertips to take their publications to the next level? Join this session where we will look at some fun, engaging, and powerful ways students can demonstrate their understanding through images, audio, and video, and the best ways they can share that work with you! Together, we can turn learning experiences into something creative, memorable, and meaningful for students.

### About the Facilitator(s)

#### Darren Maltais

After years of experience as a classroom teacher, Darren began working as a Technology Integration Facilitator for Black Gold School Division. This year will mark his 10th year in that role! He works collaboratively with teachers and students in over 30 schools, co-creating lessons, projects, and products to help students learn more effectively and make curriculum come alive. He has helped to create one of the most comprehensive sites of digital resources for teachers. Darren supported teachers in his district as they transitioned to online learning and back over the past two years, offering hundreds of sessions on a variety of technology tools. Darren is a Google Certified Educator, a Google Certified Trainer, and a musician who performs regularly.
