Date:	October 26, 2023
Time:	3:00 pm – 5:00 pm
Cost:	
Location:	Edmonton (ERLC Office at Elmwood School) Room 17/18, 16325 - 83 Avenue
Session Code:	24-NC-332

Target Audience

Teachers, School-based Administrators, Instructional Coaches, Learning Coaches, Inclusive Learning Teachers

About this Learning Opportunity

At this informal **IN-PERSON DROP-IN** session, explore ways to power-up the Computer Science curriculum to engage your K-6 students in Science, ELAL, Social Studies, Math, and the Arts, all within a PBL approach. Join Janet Bell and her selection of robots suitable for use in K-6 classrooms, set up as stations so that you can easily get your hands on the items you are most interested in learning about. Try them out and chat about how you might see them being used in the grades and subjects you teach. This is a great opportunity to "try before you buy" - or even before you borrow them from the ATA library. If you are interested in items such as the Sphero Mini, Sphero Indi, Matatalab Tale-Bot, Codey Rocky, Colby the Code & Go Robot Mouse, Botley the Coding Robot, Ozobot, and more...then this is the place for you to spend some time for some tactile exploration on a Fall afternoon! Think of it as a K-6 Robotics Open House!

About the Facilitator(s)

Janet Bell

An English teacher originally, Janet's career evolved over the years from classroom teacher to consultant, co-leading edtech integration across the province as a member of the 2Learn.ca and ARPDC provincial teams, to school and district leadership as a Department Head at Lillian Osborne High School and a TIPS (Technology Integration and Planning Supports) Consultant with Edmonton Public Schools. A Google Certified Trainer and SMART Certified Trainer, these days Janet brings both vision and practical strategies to help support your integration of G Suite and SMART Learning Suite, reputable third-party applications, makerspaces, digital citizenship and more, within today's emergent and shifting learning spaces. In her spare time, she enjoys the four generations of her family.
