

Summer Science Symposium - New 4-6 Science Curriculum Overview

Facilitator(s):	Ted Zarowny
Date:	August 19, 2024
Time:	8:30 am – 10:00 am
Cost:	
Location:	Virtual
Type:	Webinar
Session Code:	25-NC-021

Target Audience

Grade 4-6 Science Teachers

About this Learning Opportunity

Let's get ready to roll up our sleeves and dig into the new Science Curriculum for Grades 4-6! This session will introduce participants to the organizing ideas in the new curriculum. Using content from the new curriculum, the session will demonstrate how the knowledge, understandings, and skills and procedures (KUSPs) work together to create deep learning opportunities for students. A quick tour of available resources on the ARPDC website and New LearnAlberta site will wrap up the session.

About the Facilitator(s)

Ted Zarowny

Ted began his career in education as a Social Studies and English Language Arts teacher at the Junior High and High School levels. After teaching in a variety of communities in Saskatchewan and British Columbia, Ted moved to Alberta where he held the position of principal at a school focused on gifted education.

Ted's educational journey has ignited his passion in the area of instructional pedagogy including learning for transfer, conceptual learning and the instruction of thinking skills. Trained in Control Theory and Restitution-Self Discipline (a restorative justice approach), Ted has extensive experience with approaches and techniques that address the social/emotional needs of students. Ted is excited to share his skillset with others to help them refine practices and mindsets that enrich the learning experiences of students.

Areas of Expertise include:

Effective Instructional Approaches
Learning for Transfer & Conceptual Learning
