About this Learning Opportunity

This is an interactive workshop focusing on practical strategies for you to support all children with articulation (speech sounds), vocabulary, direction-following, grammar, and phonological awareness (pre-reading sound awareness) skills.

You will be given easy-to-use ideas for implementing these strategies during transition times, play time, and classroom centers.

After this one-day workshop you will have functional tools and strategies that can be used in your classrooms tomorrow!

About the Facilitator(s)

This workshop will be presented by Speech-Language Pathologist(s) from Alberta Health Services.
