<b>Cost:</b>	No charge
<b>Location:</b>	Virtual
<b>Session Code:</b>	21-LE-265

### Target Audience

Principals, Teachers

### About this Learning Opportunity

Are you using H?para Workspaces to support student learning in your classroom? This is an opportunity to meet with others to create learning experiences together with your peers in the H?para learning suite. Join these weekly drop in sessions to work with your peers adding the differentiation and deeper learning activities to promote better executive functioning and self regulation in learners. It is a weekly drop in session, we will feature one part of lesson planning and then the bulk of the time will be spent working on your own planning with the opportunity to have support from peers and facilitator.

### About the Facilitator(s)

**Adelee Penner** comes to ERLC having most recently served as an Assistant Superintendent of Schools. Adelee started her career in Manitoba and moved to Alberta in 2005. Her career has evolved over the years through working in several school jurisdictions, in both the private and public system, and from working for Alberta Education supporting school systems in Field Services. Adelee is a passionate lifelong learner. Using the provocation from Seth Godin, "When was the last time you did something for the first time?", Adelee works with others to create a culture for learning that is comfortable taking risk, trying new things and considers alternate perspectives.

*This learning opportunity is being subsidized through funding from Alberta Education.*
