Location:	Virtual
Type:	Webinar
Session Code:	22-TI-046

Target Audience

Teachers, School-based Administrators, Instructional Coaches, Learning Coaches, Inclusive Learning Teachers

About this Learning Opportunity

Much more than a tool, Lumio by SMART (used to be called SMART Learning Suite Online) is a suite of tools that supports stages of learning. Explore easy games-based templates (reviewing basic concepts, vocabulary, etc.), online individual and collaborative workspaces (for more reflective problem-solving), assessment tools (including collecting data that can be tracked over time), lots of quick-start templates, and more. Whether in class in person or online, Lumio literally puts learning into the hands of each of your students at every stage on every device, synchronously with you and asynchronously via Google Classroom. Lumio has both a free and paid version, so whether your district has a subscription or not, you'll find tools here you can use right away.

This learning opportunity is being subsidized through funding from Alberta Education.

About the Facilitator(s)

An English teacher originally, Janet's career evolved over the years from classroom teacher to consultant, co-leading edtech integration across the province as a member of the 2Learn.ca and ARPDC provincial teams, to school and district leadership as a Department Head at Lillian Osborne High School and a TIPS (Technology Integration and Planning Supports) Consultant with Edmonton Public Schools. A Google Certified Trainer and SMART Certified Trainer, these days Janet brings both vision and practical strategies to help support your integration of G Suite and SMART Learning Suite, reputable third-party applications, makerspaces, digital citizenship and more, within today's emergent and shifting learning spaces. In her spare time, she enjoys the four generations of her family.
